PVCu CREAM CLEANER

Solvent-free Cleaner

Description

A fast acting, solvent-free cleaner that removes dirt and stains and buffs to a deep shine restores surface colour.

Uses

Suitable for both white and plastic veneered PVCu frames, claddings and trims.

Application

Apply Bond It **PVCU CREAM CLEANER** to a soft clean absorbent cloth and wipe over the surface.

For stubborn or heavy contamination apply extra material to the cloth and rub the appropriate area firmly.

Finally, buff the surface to a bright finish with a clean dry cloth.

For exceptionally heavy contamination Bond It **SOLVENT PVCU CLEANER** may be used.

Storage Conditions

Non flammable, store upright, in cool conditions. Protect from frost.

Shelf Life

24 months when stored according to manufacturers instructions.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Replace lids and remove any containers to a central disposal point in accordance with local regulations.

Health & Safety

- ◆ Product presents a low hazard in correct use.
- ◆ Avoid eye contact. In the event of contact irrigate eyes immediately with plenty of cold, clean water for 15 minutes and seek medical attention.

- ◆ Do not ingest. In the event of ingestion, do not induce vomiting, drink plenty of water and seek medical attention.
- ◆ Thoroughly wash hands with soap and water after use.
- ◆ Keep out of reach of children.
- ◆ Some people are more sensitive to chemical products than others. If irritation occurs discontinue use.
- ◆ See separate material safety data sheet for full handling, use and storage.

Specification Summary

Appearance	Off White Liquid
Flammability	Non Flammable
pH	9.10
Solubility in water	Infinite
Boiling Point	100°C

Container Sizes

Code:	BDC002
Size:	1L

The data presented in this leaflet are in accordance with the present state of our knowledge, but do not absolve the user from carefully checking all supplies immediately on receipt. We reserve the right to alter product constants within the scope of technical progress or new developments. The recommendations made in this leaflet should be checked by preliminary trials because of conditions during processing over which we have no control, especially where other companies raw materials are also being used. The recommendations do not absolve the user from the obligation of investigating the possibility of infringement of third parties rights and, if necessary clarifying the position. Recommendations for use do not constitute a warranty, either expressed or implied, of the fitness or suitability of the products for a particular purpose.
