7 - HANDLING AND STORAGE *

General information :	No particular measures required.
7-1 Handling	
Precautions to be taken during handling :	Avoid powder scattering.
Prevention of fire and explosions :	No particular measures are required.
7-2 Storage	
Storage conditions :	No particular measures required.
- Recommended :	To maintain the quality and properties of the product, keep : <ul style="list-style-type: none">- the container firmly closed,- in a dry and ventilated place,
- Unsuitable :	Storage the product in the presence of water.
Packaging materials :	Original ones.

8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

8-1 Components with threshold values to be monitored at each workstation :	This product does not contain any components with threshold values to be monitored. However health and safety regulations at work specify that inhaled air dust average concentrations estimated on a period of 8 hours must not go over 10 and 5 mg/m ³ of air.
8-2 Exposure control :	
8-2-1 Exposure control professionally :	None.
8-2-1-1 Personal protection :	
Respiratory protection :	Not necessary.
Hand protection :	Not necessary.
Eye protection :	Not necessary.
Skin protection :	Not necessary.
8-2-1-2 General health and safety measures :	When using, do not drink, eat or smoke
8-2-2 Environmental exposure control :	No datum is available

9 - PHYSICAL AND CHEMICAL PROPERTIES

9-1 General information :	
Form :	powder
Colour :	White
Odour :	product specific
9-2 another information :	
pH :	7 – 8 when prepared as a paste
Bulk density :	approximately 1
Solubility in water :	Dispersible and partially soluble

10 - STABILITY AND REACTIVITY

10-1 Stability :	Stable at ambient temperature and in normal use conditions.
10-2 Dangerous reactions :	None dangerous reaction in normal conditions of storage. None dangerous decomposition products in normal conditions of storage.

11 - TOXICOLOGICAL INFORMATION

No datum on the preparation itself is available.

12 - ECOLOGICAL INFORMATION

No datum on the preparation itself is available.
Do not discharge in sewers. No water polluting effect known.

13 - DISPOSAL CONSIDERATIONS

13-1 Product :	
Prohibitions :	Do not discharge the product in sewers or waterways.
Disposal :	Discharge with rubbish. Respect the local current regulations.
13-2 Packaging :	Recyclable. Disposal in accordance with legal regulations.

14 - TRANSPORT INFORMATION

14-1 Labelling according to regulations land transport RID / ADR, maritime transport IMDG, air transport ICAO / IATA : This product has not been classified

Special conditions applying to transport: Carry the product in the car outside of water and completely dry.

15 - REGULATORY INFORMATION

15-1 Labelling according to Directive on hazardous materials 1999/45/CE. : This product is not labelled as a dangerous preparation.

16 - FURTHER INFORMATION

Recommended uses (for more details, please refer to the technical data sheet) :

Users' conditions of work not being known to us, the information given in the present safety data sheet is based on the our present knowledge and on both national and EC regulations.

This sheet completes the technical instructions for use, but does not replace them. The information it contains is based on our present knowledge relating to the product concerned, on the date indicated and are given in good faith. Moreover, users' attention is drawn to possible risks incurred when a product is used for other purposes than those for which it is designed.

It does not, in any case, exempt the user from knowing and applying all texts governing his activity. It is his responsibility, and his alone, to take all necessary precautions linked to the use he makes of the product.

The information given in the present sheet should be considered to be a description of the safety requirements relating to our products and not as a range of the properties of this.

The user is not in any way dispensed from finding out and implementing all the texts governing its activity. The user will be solely responsible for taking all the necessary precautions associated with the use he makes of the product.

The information given in this leaflet must be considered as a description of the safety requirements relating to our product, and not as a range of the product's properties.
