

## HUMISTOP - TOUPRET

### 1 - IDENTIFICATION OF THE PRODUCT AND THE COMPANY \*

1-1 Name of the product : **HUMISTOP**  
1-2 Normal use : **Anti-damp treatment**

1-3 Identification of company : **TOUPRET SA**  
**24 rue du 14 juillet**  
**91813 Corbeil-Essonnes Cedex (France)**

Telephone : **+ 33 1 69 47 20 20**  
Fax : **+ 33 1 60 75 87 11**  
Email : **sginet@toupret.fr**

### 2 – HAZARDS IDENTIFICATION

2-1 Main dangers:  
Harmful effect on health : None.  
Hazards for environment : None.  
Physical and chemical dangers : Does not present any particular danger in normal use.

2-2 Classification of preparation : This product is not classified as a dangerous preparation according to Directive 199/45/CEE.

### 3 - COMPOSITION AND INFORMATION ON INGREDIENTS

3-1 Description : Product made of binders, mineral fillers and additives.  
3-2 Dangerous components : This product does not contain any component presenting a risk according to Directive 67/548/CEE.

### 4 - FIRST AID MEASURES

4-1 General case : No particular measures required.  
In case of doubt or if symptoms persist seek medical advice.  
NEVER give anything to someone unconscious.

4-2 After inhalation : Not concerned.

4-3 After contact with the skin : The product is not irritating for the skin. Wash with water in order to eliminate the product.

4-4 After contact with the eyes : Rinse immediately and abundantly with water keeping the eyelids opened for at least 10 minutes. If irritation persists, consult an ophthalmologist.

4-5 After ingestion : In case of accidental ingestion, consult a doctor. Do not make throw up.

### 5 - FIRE FIGHTING MEASURES

5-1 Extinguishing methods: All extinguishing methods are possible : water spray, foam, powders, CO<sub>2</sub>.

5-2 Personal fire fighting equipment : Wear self-contained breathing apparatus in case of fire.

5-3 Recommendations: Use water to cool sealed containers exposed to fire. Do not allow fire-fighting effluent to penetrate into sewers or water courses.

## 6 – ACCIDENTAL RELEASE MEASURES

6-1 Personal precautions :	None.
6-2 Environmental protection measures :	Prevent any penetration into sewers or water courses.
6-3 Cleaning/recovery methods :	Contain and collect leaks with non-combustible absorbent materials (for example : sand, or diatomaceous earth). Preferably clean using detergent, do not use solvents. For residues disposal, refer to section 13.

## 7 - HANDLING AND STORAGE

General information :	No particular measures required.
7-1 Handling	
Precautions to be taken during handling :	Never open the containers using pressure.
Prevention of fire and explosions :	None.
7-2 Storage	No particular measures required.
Storage conditions :	
- Recommended :	To maintain the quality and properties of the product, keep : <ul style="list-style-type: none"><li>- the container firmly closed,</li><li>- protected from frost,</li><li>- at a temperature not exceeding 30 °C</li></ul>
- Unsuitable :	Possible development of a bacterial contamination in case of prolonged storage and / or storage in a container which has not been cleaned or closed properly.
Packaging materials :	Original ones.

## 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

8-1 Components with threshold values to be monitored at each workstation :	None.
8-2 Exposure control :	
8-2-1 Exposure control professionally :	None.
8-2-1-1 Personal protection :	
Respiratory protection :	Not necessary.
Hand protection :	In case of prolonged or repeated contact, use protective gloves.
Eye protection :	Use eye protection designed to protect against liquid spray.
Skin protection :	Not necessary.
8-2-1-2 General health and safety measures :	When using, do not drink, eat or smoke
8-2-2 Environmental exposure control :	No datum is available

## 9 - PHYSICAL AND CHEMICAL PROPERTIES

9-1 General information :	
Form :	paste
Colour :	White
Odour :	product specific
9-2 another information :	
pH :	neutral – approximately 9.4
Bulk density :	approximately 1.5
Solubility in water :	Dispersible (in all proportions)

## 10 - STABILITY AND REACTIVITY

10-1 Stability :	Stable at ambient temperature and in normal use conditions.
10-2 Dangerous reactions :	None dangerous reaction in normal conditions of storage. None dangerous decomposition products in normal conditions of storage.

## 11 - TOXICOLOGICAL INFORMATION

No datum on the preparation itself is available.

## 12 - ECOLOGICAL INFORMATION

No datum on the preparation itself is available.  
Do not discharge in sewers.

## 13 - DISPOSAL CONSIDERATIONS

13-1 Product :	
Prohibitions :	Do not discharge the product in sewers or waterways.
Disposal :	Discharge with rubbish. Sewage water must be decanted before being evacuated. Respect the local current regulations.
13-2 Packaging :	Recyclable. Disposal in accordance with legal regulations.

## 14 - TRANSPORT INFORMATION

14-1 Labelling according to regulations land transport RID / ADR, maritime transport IMDG, air transport ICAO / IATA :	This product has not been classified
--	--------------------------------------

## 15 - REGULATORY INFORMATION \*

15-1 Labelling according to Directive on hazardous materials 1999/45/CE. : This product is not labelled as a dangerous preparation.

15-2 Labelling according to Directive 2004/42/CE (Volatile Organic Compounds) :	
Category :	A/a – Paints for interior matt walls
Threshold :	75 g/l (2007) and 30 g/l (2010) - Aqueous Product
Value of the product :	maximum 15 g/l

## 16 - FURTHER INFORMATION

Recommended uses (for more details, please refer to the technical data sheet) :

Users' conditions of work not being known to us, the information given in the present safety data sheet is based on the our present knowledge and on both national and EC regulations.

This sheet completes the technical instructions for use, but does not replace them. The information it contains is based on our present knowledge relating to the product concerned, on the date indicated and are given in good faith. Moreover, users' attention is drawn to possible risks incurred when a product is used for other purposes than those for which it is designed.

It does not, in any case, exempt the user from knowing and applying all texts governing his activity. It is his responsibility, and his alone, to take all necessary precautions linked to the use he makes of the product.

The information given in the present sheet should be considered to be a description of the safety requirements relating to our products and not as a range of the properties of this.

The user is not in any way dispensed from finding out and implementing all the texts governing its activity. The user will be solely responsible for taking all the necessary precautions associated with the use he makes of the product.

The information given in this leaflet must be considered as a description of the safety requirements relating to our product, and not as a range of the product's properties.
